CMS Net Web

Appointment Scheduling

- If a scheduled appointment is completed successfully, users will be able edit appointments and mark it as completed.

Case notes

- Users will not be able to transfer the case notes from a client back to the same client. Also, case notes associated with a system generated letter or case note generated due to system action cannot be selected in the transfer process.

Correspondence

- Added the ability to select Medical Home or a Provider from the PMF as the addressee on a Free Text Letter to Vendor (FREE1)
- The GHPP G-60 Letter has been renamed to 'GHPP Initial Diagnostic Referral'.

Reports (MTP):

- Patient Address List report displays the correct clients within the proper MTU.
- IEP Activity report is now working as designed.
- Classroom Program report displays the results of the query.
- Monitor (PT/OT) displays the appropriate results when a specific PT or OT therapist name is selected.

SAR

- When searching for a Medical Supply code and the search yields one match, it will be automatically preselected with a check box.
- Corrected error when adding Healthy Families provider as a Distribution copy on a SAR.

MTP

- Correction of duplicate service records which prevent selection of certain fields on the Frequency screen

Web Messaging

- Added a "Select All" check box for deleting a group of web messages.
- Added the ability to set an Out of Office response when a user is identified as "Out of Office". Out of Office unavailability is established on the Administration/Unavailability Tab.

CMS Net Legacy

Insurance Coverage

- Consolidated two insurance coverage screen, the CMSELIG-61 screen which was for State System Administrators and CMSELIG60 which was for County users in to one screen, CMSELIG-60 for ease of system support and maintenance. Insurance carriers records continue to be separated depending upon the insurance type, Insurance Coverage screen *only* displays private insurance plans, HMO, PPO or other; Healthy Families Coverage screen *only* displays Healthy Families plans.

Ticklers

- When a case is closed for the reason "Negotiated transfer reason" (NEG1), the system will now stop generating the Pending Transfer letters like C-20, C-21. There was defect in the system which continued to generate pending transfer letters.

Financial Worksheet

- For GHPP Clients, removed the Pop-Up message indicating fees are due when no fee is to be assessed.

MEDS Inquiry

- A Case Note is auto generated when Meds Inquiry Results are saved to the MEDS Insurance & Healthy Families Coverage Screen.
